

Educators

Meet Carol & Janet, the educators on the "School groups Gel polish course" Both felt they were able to deliver the course successfully to the students, and make an impact of the early stages in their development. They built a great rapport with all the girls on the course and felt that each person had their own story and journey. This student done amazing on the course. She had told us of her struggle with attending school normally but loved attending our course. She performed well throughout the course and pushed past her barriers. She done amazing and should be so proud of herself.

EMPOWERING FEMALES IN THE COMMUNITY

EMPOWERING FEMALES IN THE COMMUNITY

Our student who underwent the Gel polish training with Janet from Professional Salon Training. She was able to partake in the training with funding from the Community Wellbeing and Education CIC. She was open with her struggles attending school. Lets here how she got on...

This student got on so well. She attended every lesson and time keeping was perfect. She was very proud of herself as was I and she proved to herself that she can commit to things and continue to the end. She was very much looking forward to being able to do nails of friends and family. Well done!
